

Dear People of Our Savior's Lutheran Church,

I write to you to share some updates about our ministry.

In October 2018, a Ministry Review, conducted by a synod team made up of people from other healthy congregations in the Synod, and Building Review, conducted by an engineering professional, gave us some initial suggestions for opportunities to grow as well as letting us know what they thought we were doing well. This information was shared with the Council, at a forum open to the congregation, and reported at the Annual Congregational Meeting.

At the annual congregation meeting there was a motion to continue our review by having the council establish a Planning Team to offer suggestions on how to better utilize our facilities in a way to promote our current ministries and future needs. This Planning Committee was put together by the Council and the pastors, and comprised of John Hurlimann, LouVay White, Jeff Brown, and Karen Schueneman.

The Planning Committee visited with church committees and other groups who use the building to assess their needs for the present and look to the future while respecting the past. This team continued the process of reviewing our facility needs as a church of many ministries, and submitted a report of their findings and recommendations to the Church Council at its June meeting. A copy of the Planning Team's report is available on the information counter for you to review. The Council has now asked the Property Committee to review the findings, come up with rough estimates of cost to implement the Planning Committee suggestions and have this reported back to the Council by the August meeting.

As a result of the Planning Team's completed review of Our Savior's facilities, the Church Council has recently taken action to meet a community need and to bring the youth program to the center of our church.

During the Ministry Review a community ministry was identified with a need for some space to continue its program of helping those in need. This ministry is the Community Closet. The Community Closet helps those who are in hard times cloth themselves and their children in a dignified way of discreetness with quarterly open sessions and private appointments in-between. Their current space in the upstairs of the old armory/rec center is not handicapped accessible. In February the church council began exploring the possibility of hosting the ministry in our building. Since that time, other plans developed for the current site of the Community Closet and they need to be out by the end of June.

Also, the Building Review and our Planning Team identified the small chapel as being an underutilized space (used for less than an hour a week) and our Youth Ministry needing space to grow. The Council voted to allow the Community Closet to move into the youth room in the basement on a one year trial basis. For virtually no cost, the small chapel will be temporarily (possible permanently) converted into a youth room that can facilitate the growing youth ministry. With the youth moving into this space it will allow for better supervision and bring the youth to the center of our church. There will be some work, some things will have to be moved and even some things removed which means some familiar things will change.

The Holy Spirit is active, working and speaking to all of us at Our Savior's asking us to implement some changes to strengthen our ministries. The Spirit asks all of us to be open and accept these changes as they help those in need and strengthen our youth ministry. Please pray and have faith that as we change we become stronger together.

Rich Schueneman
Council President

Reflections from Pastor Emmy

In Charles Dicken's "A Christmas Carol" the ghosts of Christmas Past, Present, and Future come to visit Ebenezer Scrooge. They remind him that his life impacts the lives of others. He can make choices that bring good or bad for others. This summer, we, as a congregation, are spending time remembering the Past, Present, Future of our ministry. Through the Holy Spirit, I pray that we are being reminded of how we impact others.

During the month of June, we spent some time looking back. A timeline of the congregation posted near the worship space reminds us of the history of Our Savior's Lutheran Church. Perhaps you've had a chance to think about your own faith story and how this (or another) faith community has helped to shape you. I am reminded that throughout our congregation's history, we have been blessed to be a blessing.

Now, during the month of July we are looking at the present. During worship and through the church facebook page, you'll have an opportunity to reflect on what you love about Our Savior's Lutheran Church. What makes us uniquely us? If we weren't here, how would this community be different?

In "A Christmas Carol" the ghost of Christmas Present helps Ebenezer Scrooge notice the Cratchet Family, and Scrooge begins to have his heart opened. **I pray that during this month, the Holy Spirit might open our eyes to notice neighbors in our midst.**

Here's an idea for prayer: Sometime this month for 30 minutes, go to a public place in our community and pray. It could be a park, outside the grocery store, or downtown. As you pray, keep your eyes open. Notice the people and creation around you. What does the Holy Spirit reveal to you during this time? Do you learn something new?

I hope you've had a chance to read the letter in this newsletter from our Congregation President, Rich Scheunemann. **Becoming the host location for the Community Closet is a concrete step that the congregation council made in providing care for neighbors in our community.** Watch for more information about the Community Closet in the August newsletter; in the meantime, if you have questions, please visit with me.

People of Our Savior's, being one of your pastors is such a privilege. Thank you for your love of your church community. Thank you for your grace with one another. Thank you for your openness to the work of the Holy Spirit among us.

The 2019 Summer Youth Trip was another wonderful success and our youth would like to thank you for your continued support as well as share some of their reflections from this experience...

My two favorite things from our trip were the Twins game and Feed My Starving Children. I love going to Feed My Starving Children because it fills me with joy to see how much food we can pack so quickly and how many kids we will save from just that short hour and a half. It is sad to see how many kids are starving but when you leave there you get a feeling of satisfaction knowing that the food you just packed will be greatly appreciated by so many starving children. We all come together to help others and it is a really fun time. I'm so glad I got the chance to volunteer and help kids in need.

Thank you to the congregation and the Foundation for making this trip possible. I have made some of the best memories on these trips that I will cherish forever.

– Hallie Wenaas

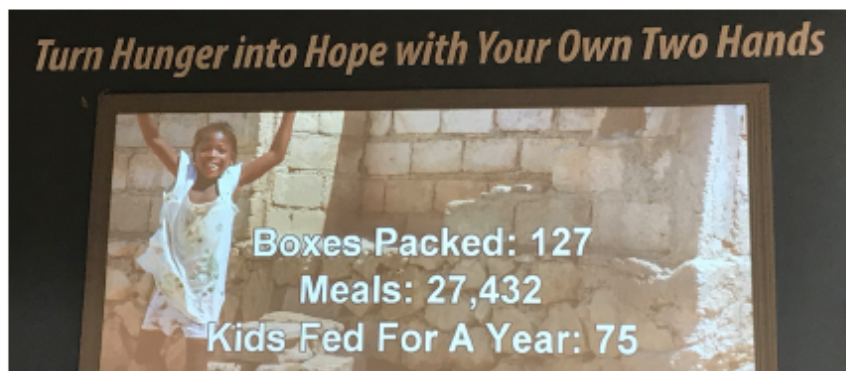

My favorite things from this trip were Feed My Starving Children and the Twins game. I have gone to Feed My Starving Children in the past and I've loved it every single time. Praying over the boxes before it gets sent out to the children always touches my heart. I loved the Twins game, too! It was fun to enjoy a nice summer day with my friends at a ball game. Thank you so much for helping us all go on this trip. I've gone on this trip several years and each time it reminds me how much I love servant work. To be able to have the opportunity to make the world a better place is one that I'm

very grateful for. – Eliza Schueneman

My two favorite things from the trip were Valleyfair and Feed My Starving Children. I love Feed My Starving Children because everyone gets to work together towards the same goal. It was so fun to know that we were doing something to help change people's lives. I've been on this trip three times now, and I have made some of my favorite memories. on this trip. – Molly Dockter

I really enjoyed how I got to help the children personally. – Malea Berg

I'm really happy I was able to go and I hope to go in the years to come. – Reagan Berg

My two favorite things we did were Valleyfair and working at the group homes because it's good to feel that we've helped people in need who may not be able to do the stuff we are able to do! Thank you all! – Samantha Schlotman

My two favorite parts of the trip were the Twins game and volunteering at the group home. I liked the group home most because we got to meet one of the people living there and interact with them. – Kacy Crowe

My favorite fun thing we did was Valleyfair. I liked it because we got to go on all the fun rides and get scared to death. My favorite mission trip part we did was Feed My Starving Children. I liked it because we got to feel good about ourselves and we were literally saving hundreds of lives by spending that hour and a half packing food into bags. – Jayden Pederson

Thank you for this trip. We wouldn't have been able to go without you guys! You had a huge roll in this trip. My two favorite things were Valleyfair and Global Health Ministries. Even though it was raining we all still had a blast at Valleyfair riding on rides and just having a blast! But the most eye opening activity we did to me was all of the volunteer work. I think it's eye opening to see what giving just a sliver of our time can do for so many. My favorite in particular was Global Health Ministries because it's just crazy how much stuff can be done. Even though you may think you are done there are still more boxes to be sorted through! And it's really crazy to think something you are just simply sorting through could save someone's life someday across the world. As always, this trip is a highlight of my summer and I'm very thankful for everyone who makes this trip possible! – Brinklyn Johnson

My two favorite things about the trip were Valleyfair because I got to go on all the cool rides I've never done before and hang out with my friends. Highlights from the June Congregation Council Meeting

The Planning Team, which was tasked with reviewing church building usage, shared their report with the congregation council. Copies of their report are available on the information counter.

The Council agreed to host the Community Closet. Per the work of the Planning Team, the Closet will be located in the current youth room space. The main floor chapel space will be refurbished to become the new youth room.

The congregation constitution needs to be updated to the current ELCA model constitution requirements. A draft of the new constitution was distributed to the council members for review.

The City Beautification Committee asked to use one of the church's outdoor water spickets for the purpose of watering planters within a block radius of the church. In an effort to be good neighbors, we have agreed to this partnership.

Service of Thanksgiving for the Chapel Monday, July 22, 2019 at 9:30 am

Please join us for a time of thanksgiving and closure, as we prepare for the chapel to be transitioned to a youth room space. We will give thanks to God for the main floor chapel space, the memories created there, and the encounters with God experienced there. Refreshments will be served following the service.

Please see the letter from Congregation President, Rich Schueneman regarding this change.

Each month in 2019, our newsletter will highlight one of the ministries that make up Our Savior's Lutheran Church.

Monday Morning Prayer Group

Each Monday Morning at 9:30 a group gathers for prayer in the Our Savior's Lutheran Church building. The time usually begins with a devotion or reflection. The group prays through the names of households in the congregation, which are listed in the bulletin each week. The group also prays for those who are sick or in need of healing.

Those who attend say that the Monday Prayer Group is a wonderful way to start the week. It gives them a quiet space to connect with God. Of course, the coffee is always on after the prayer time, too.

Do you have a prayer request for the group? Write it down and get it to Pastor Kyle.

Anyone is welcome to come and join in prayer and conversation.
